## TECHNICAL FEATURES

### MATERIAL

100% recycled wood dust mixed with thermoset resin. Moisture resistance. High gloss deluxe finish with colour fast.

### SMARTWOOD REDISCOVERED Certified

100% recycled wood.

### HINGE

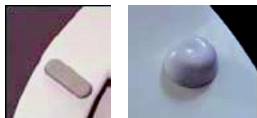

Chrome plated, adjustable and pre-hinged. New concept 5 holes for greater stability.

### HYGIENIC PLUS

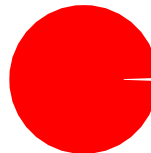

Naturally antibacterial, easy to be cleaned.

### BUMPERS

Antislipping, grey  
Lid: 2  
Ring: 2

### TESTED ANTIBACTERIAL PROPRIETIES

Supernova strong antibacterial activity has been tested with positive results against S aureus, Ps aeruginosa and E coli.

### TEXTURE ENVIRONMENTALLY FRIENDLY

The drip corner is the result of the complete immersion of the product in a water based painting. This assures you that the seats are environmentally friendly and respects the workers' health. Water based paint reduces drastically VOC's emissions (Volatile Organic Compounds).

### 5 YEARS WARRANTY

Product warrants against defects in material and for five years from the original date of purchase. If this product were to be defective we only provide with the replacement product of the same value. No refunds will be due for the cost of removal and installation.
